

Pharmaceutical Waste Program

We understand the importance of proper disposal of pharmaceuticals. Improper disposal not only violates state and federal regulations, but can have a catastrophic impact for our environment and children

Container Size	Service Fee	Pick up & Disposal	Container	Certificates of Disposal	Thermal Incineration in Waste to Energy
2 Gallon Disposal	\$30.00	✓	✓	✓	✓
8 Gallon Disposal	\$65.00	✓	✓	✓	✓

For more than 20 years our company has been providing Medical Waste Management Services here in Florida to the Medical Industry. We have managed waste for:

- Patrick Air Force Base - Satellite Beach, FL
- State of Florida Dept. of Corrections
- Several Florida Health Departments
- Municipal City Fire Departments
- Numerous Private Medical Facilities

We have been committed to this industry for so long, we have seen many startup companies come and go for one reason or the other. Some years ago, some of those private facilities we serve said to us, “whatever you do never sell your business to that “Big-Company” we have kept our promise. Give us a call, rest assured you can experience the same reliability to our promise & professional service. We will evaluate your service to save our customers “money”.

Ken Kirwan/Manager

Small Business are the Economic Engine of this Economy, so let's start Supporting one another business.

FACILITIES GENERATING MULTIPLE BOXES CAN SEE GREATER SAVINGS by converting from 30-Gallon boxes, to 96-Gallon bins thereby paying less for the same volume of waste generated, “SAVINGS OF TIME AND MONEY AND LESS RISK”
